

# STRATEGIC SUSTAINABLE BUSINESS WITH **INCORP INDONESIA**

Focusing on environmental, social, and governance aspects is crucial for businesses to operate sustainably. InCorp Indonesia, alongside **GreenOmeter**, delivers customized guidance and streamlined support, empowering businesses to meet ESG principles and reporting requirements confidently.

**AI-Powered  
Reporting  
Optimization**

**Global Standards  
Governance &  
Compliance**

**Data Accuracy  
and Reliability**

**Sustainability  
Strategies**

## WHY CHOOSE **INCORP INDONESIA**

### **DATA-DRIVEN DECISIONS**

We possess a robust background in developing and implementing ESG strategies, supported by extensive experience in reporting and compliance, to analyze and communicate our ESG performance effectively.

### **INNOVATIVE APPROACH**

With advanced AI-driven tools designed for precise and efficient reporting, we are transforming how businesses analyze data and present insights.

### **TAILORED SOLUTIONS**

Personalized services are thoughtfully crafted to align with your individual needs and objectives, ensuring that every aspect is catered to enhance your experience and satisfaction.

### **GLOBAL STANDARDS COMPLIANCE**

CSRD, SFDR, GRI, CDP, or Second-Party Opinions require ESG reporting for Green Bonds and SLLs to ensure transparency and accountability.
